Cash Exchange

Managing **cash** in society.

Loomis Cash Exchange swaps your large bills for the smaller denomination bills and coin you need most—at your business on your days of service.

As a business owner, the last thing you need to worry about is whether or not you have enough change on hand to keep your business running smoothly.

Yet, unfortunately, you and your employees are often forced to make unexpected trips to the bank to keep a sufficient amount of small denominations and coin available.

Now you can simplify the change order process for your business with Loomis Cash Exchange. By placing your order directly with us through Loomis Direct—our online account management portal—or by phone, Loomis Cash Exchange allows you to swap your large bills for an even cash exchange of smaller denomination bills and coin at your business location on your days of service.

Loomis Cash Exchange Helps You:

- ▶ Eliminate bank trips and bank fees associated with making change
- ▶ Reduce the risk of exposing your employees to robbery and injury, and of exposing your business to liability claims and financial loss
- ▶ Remove the inconvenience of managing bank credits and debits associated with change orders through your bank
- ▶ Simplify balancing and reconciliation across multiple locations and reduce time spent on reconciling your statements with Loomis Direct's comprehensive reporting
